DECODING LOCAL GOVERNMENT JOB MARKETS, USING NYC DATA - A DATA DRIVEN DYNAMIC GUIDE FOR JOB SEEKERS

Vashishth Doshi (MS PPM-DA, Carnegie Mellon)

Manraj Dhillon (MS, HCA, Carnegie Mellon)

How we created this guide:

- **LOADED DATA:** NYCOPENDATA UPDATES THIS DATASET WEEKLY
- **NORMALIZED DATA:** EXAMPLE, PAY (HOURLY/ WEEKLY/ ANNUAL)
- **CLEANED DATA:** GETTING RID OF THE MISSING AND MESSY
- **TIDY DATA:** EXAMPLE, EXPLODED CATGEGORIES
- **VISUALIZED THE DATA:**
  - **WHO (RECRUITER AND APPLICANT PERSONALITY)**
  - **HOW (TO SUCCEED, DOES THE CITY PAY IN TRUTH)**
  - **WHAT (JOBS), WHERE (JOB LOCATIONS), WHEN (ARE JOBS POSTED)**

The Spotlight: Key Discoveries

1

Specific agencies are interested in specific skill-sets - tailor your resume!

2

Some agencies pay well, other agencies hire well

3

Agencies that leave postings open the longest are not necessarily the ones that omit “Post Until” dates

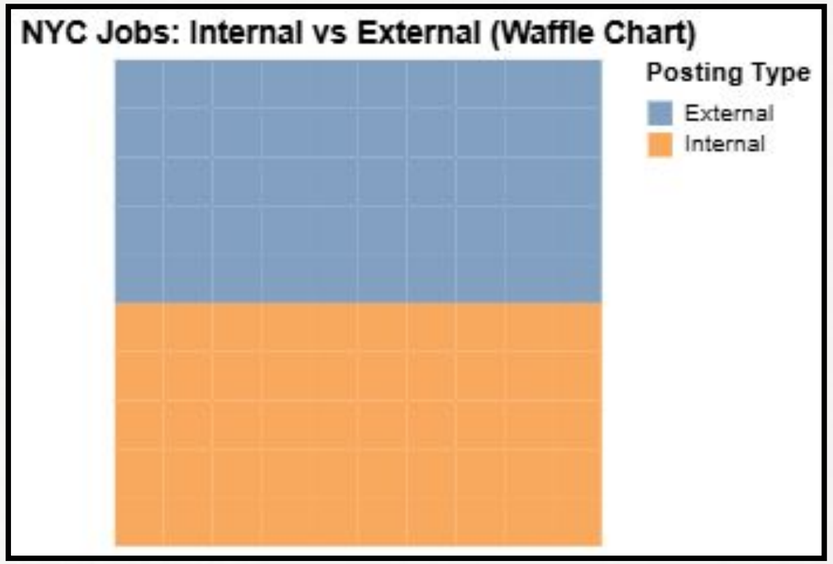
4

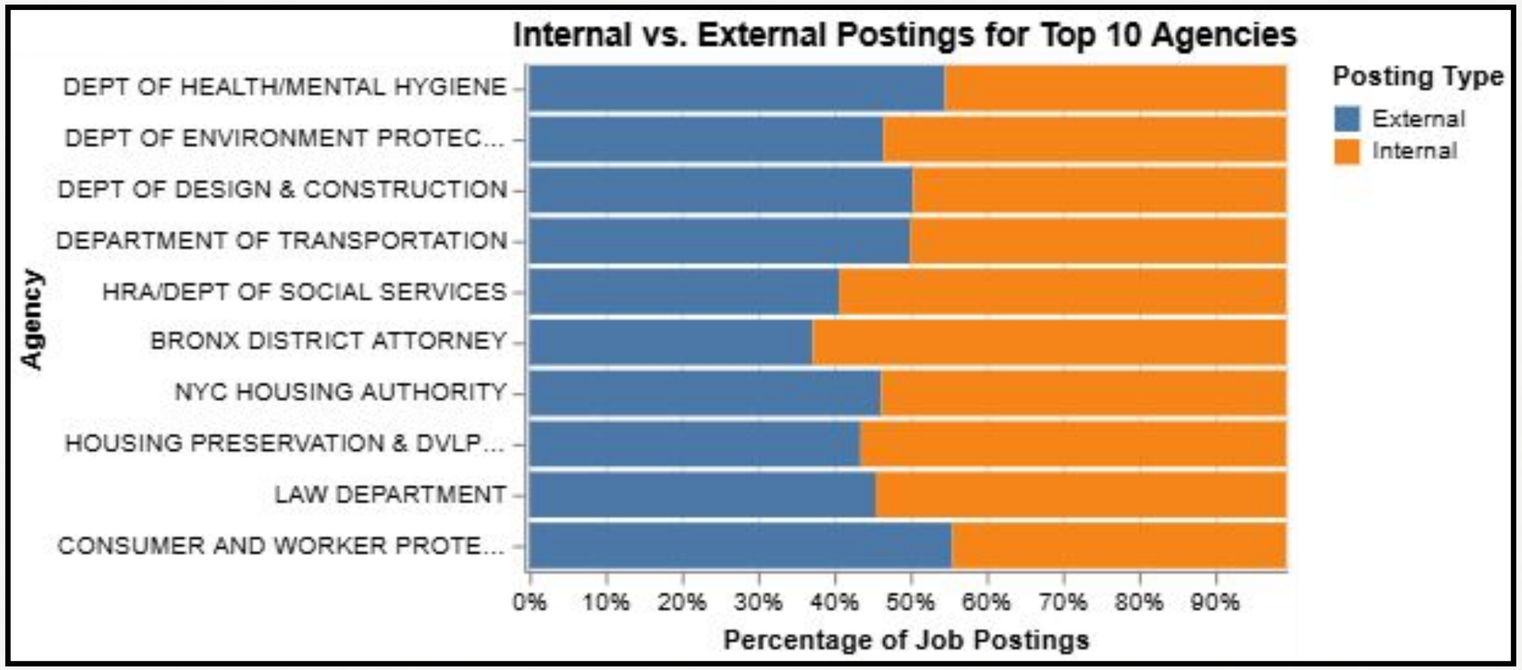
Around 39.5% of NYC job postings have salary ranges exceeding 40%, implying that a majority of listings provide broad, less specific pay information

Insider v. Outsider Hiring

HALF THE JOBS ARE MARKED

INTERNAL HIRINGS!

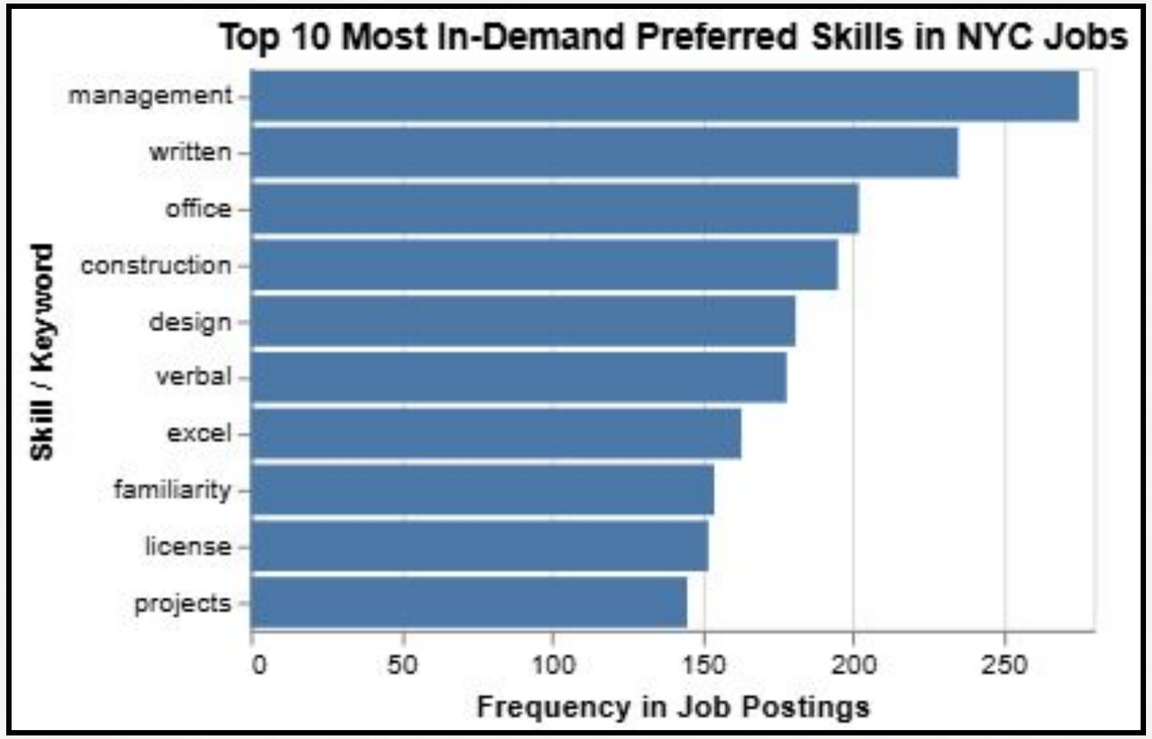


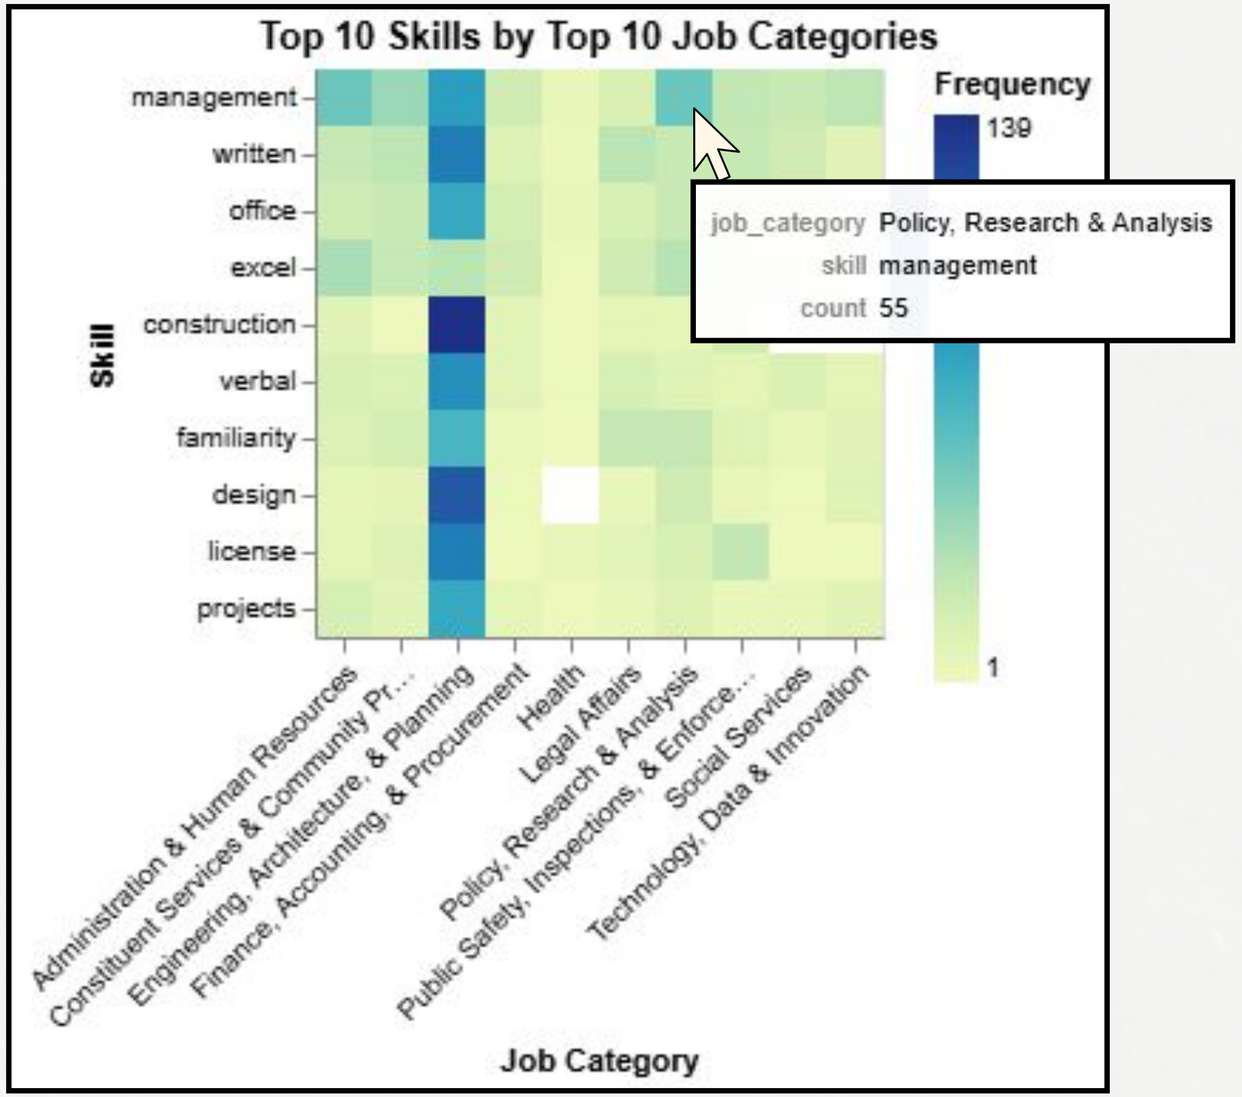


GOOD NEWS: **WE KNOW EXACTLY WHICH DEPARTMENTS ARE MORE OPEN TO EXTERNAL HIRES!**

The Skills Heatmap

THIS IS A SKILLS MAP FOR YOUR RESUME. 'DESIGN' IS HUGE FOR PLANNING, BUT **'MS OFFICE'** AND **'MANAGEMENT'** ARE NEEDED EVERYWHERE.



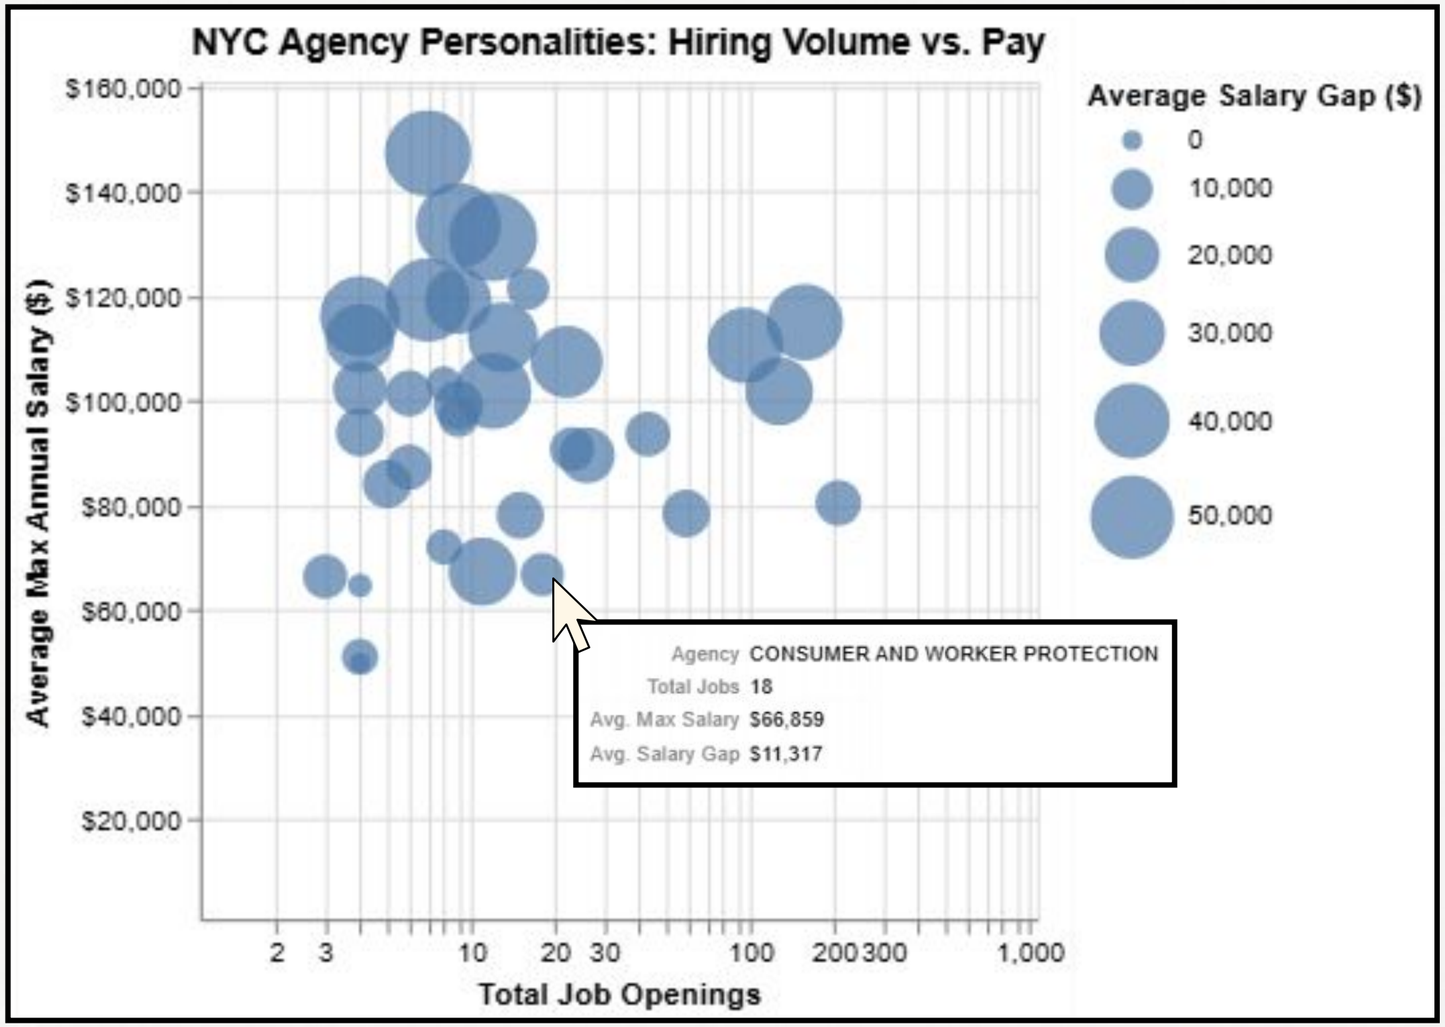


Agency Personalities - High Pay v. High Volume Jobs

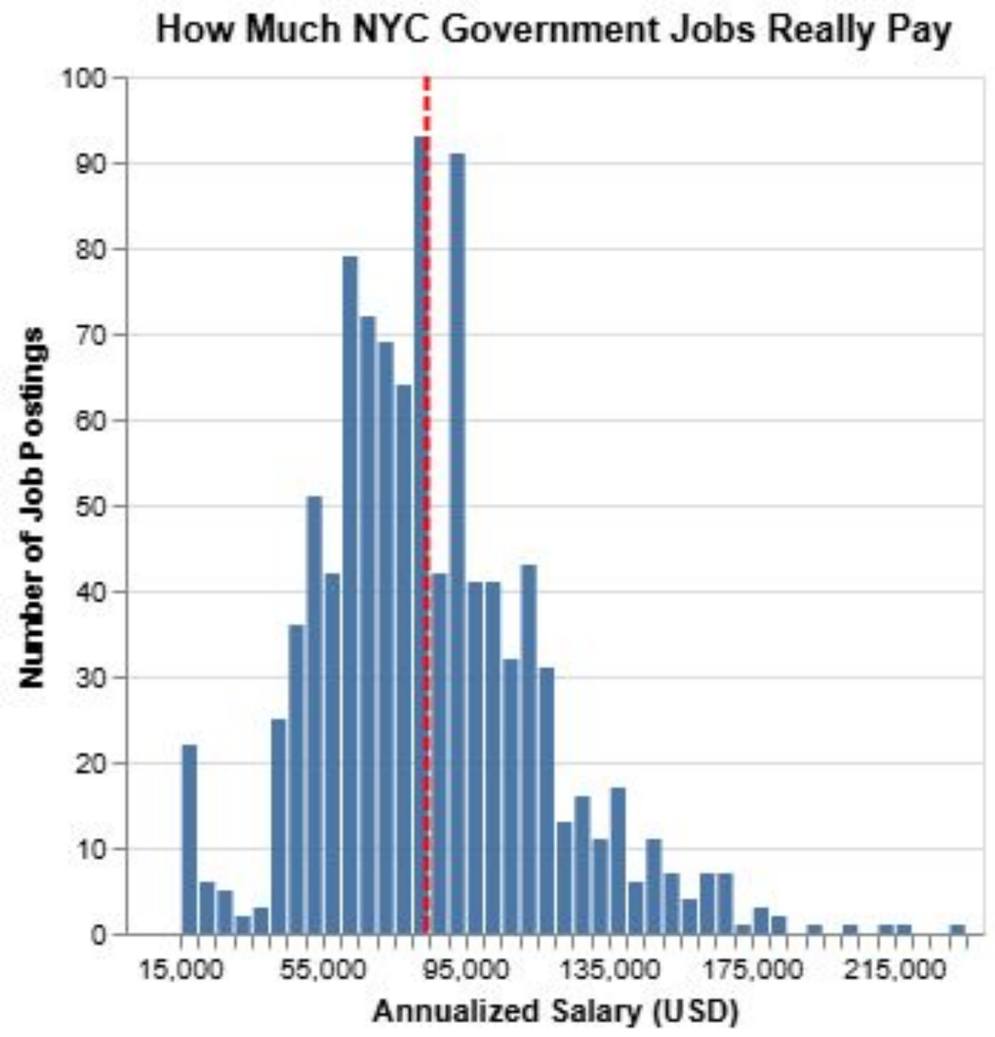
WHO DOES NEW YORK CITY LIKE TO HIRE, AND WHICH AGENCY SOUNDS RIGHT FOR YOU?

AGENCIES FIT THREE PROFILES:

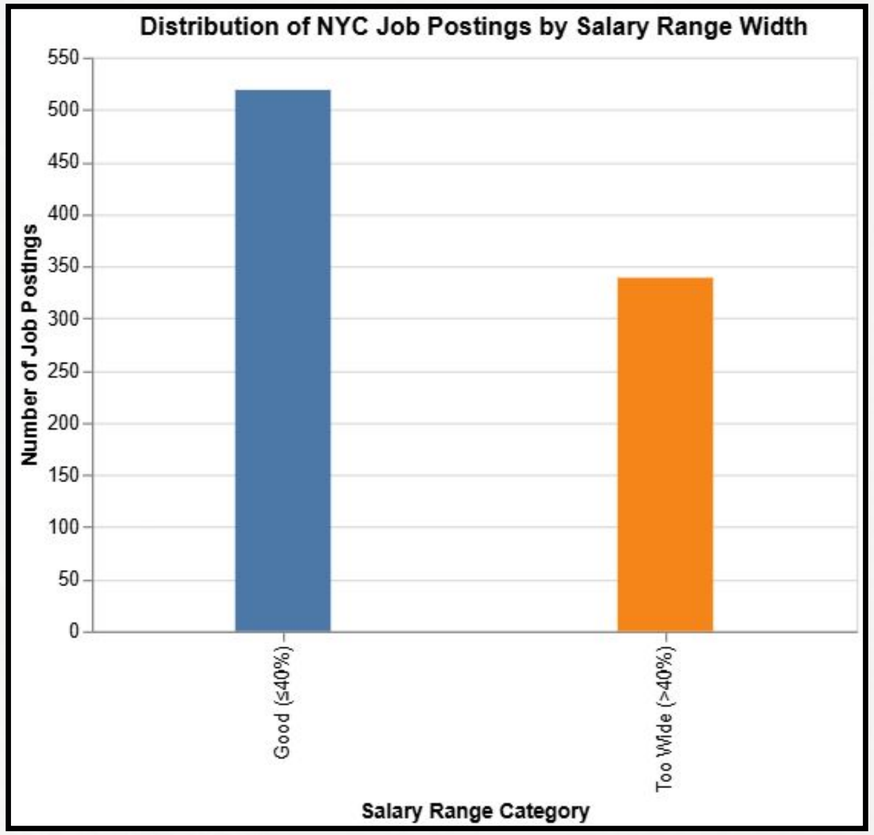
'POWER PLAYERS' (HIGH PAY, HIGH VOLUME), 'NICHE EXPERTS' (HIGH PAY, LOW VOLUME), AND 'ENTRY ENGINES' (LOW PAY, HIGH VOLUME).

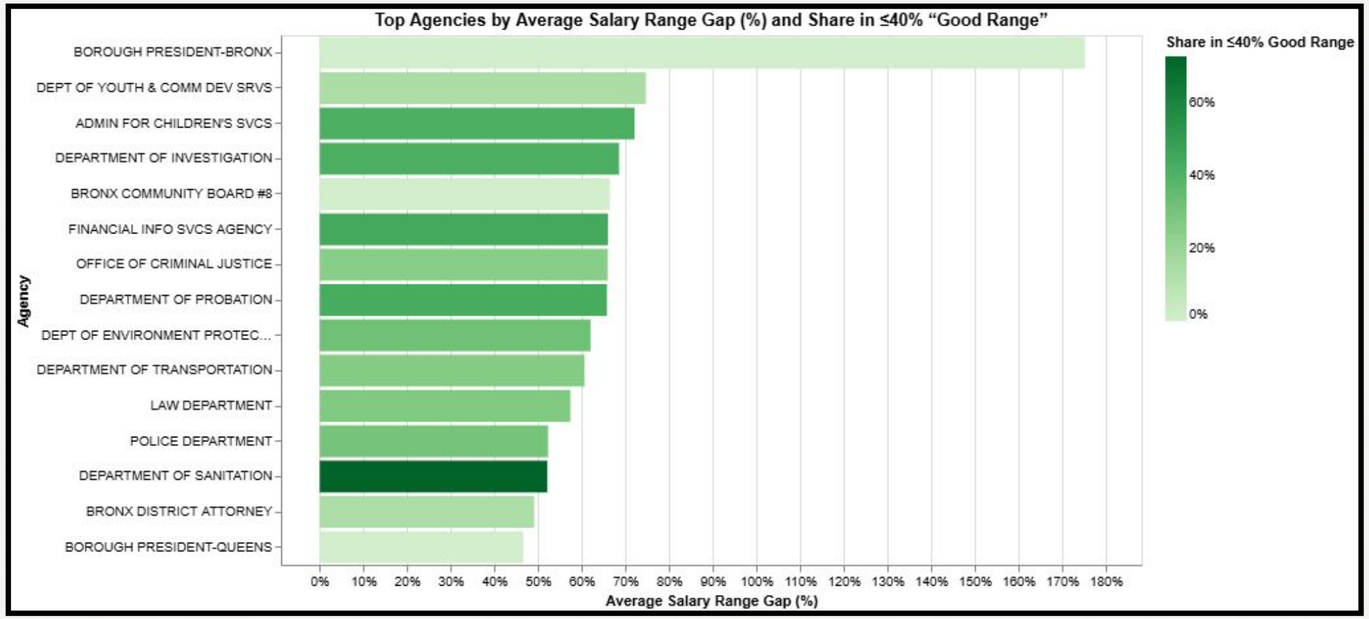


How much does NYC actually pay?

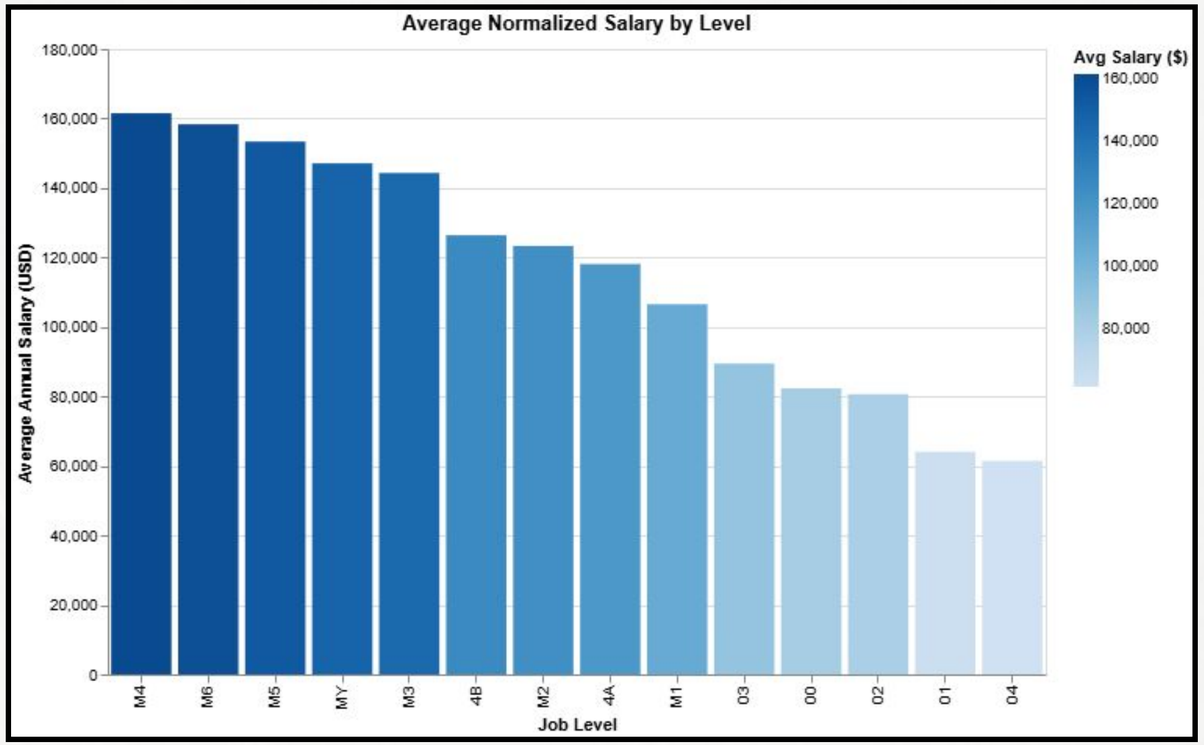


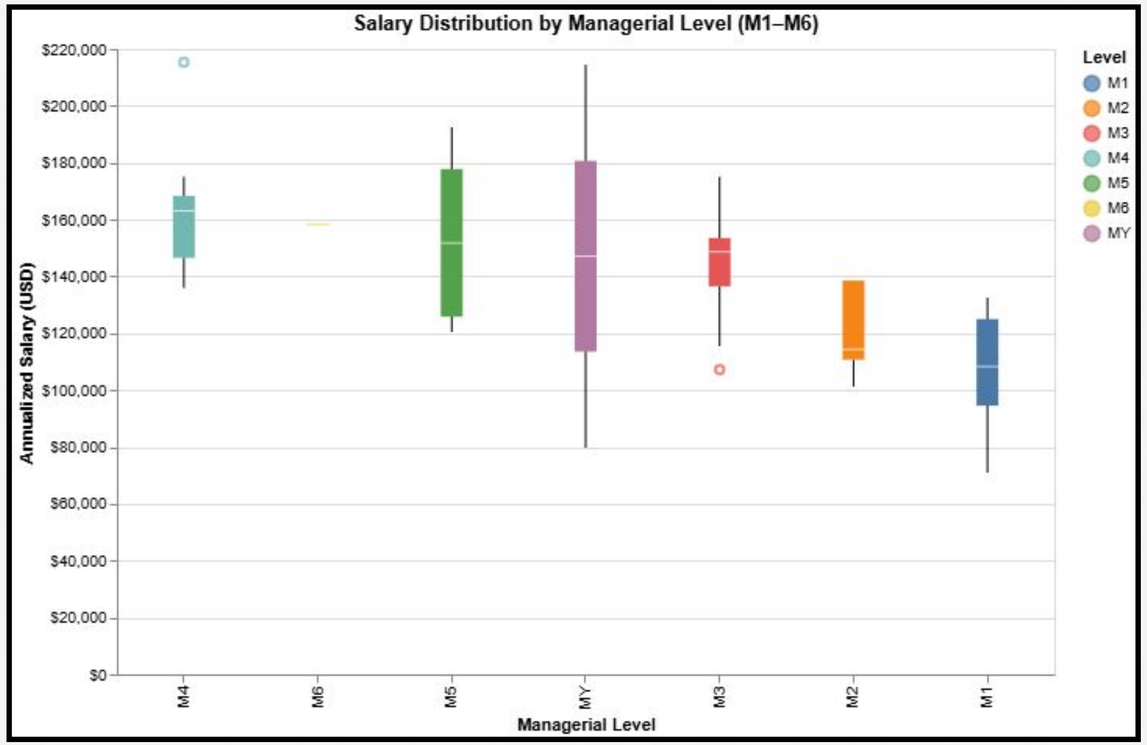
Around 39.5% of NYC job postings have wide salary ranges exceeding 40% Posted Salary



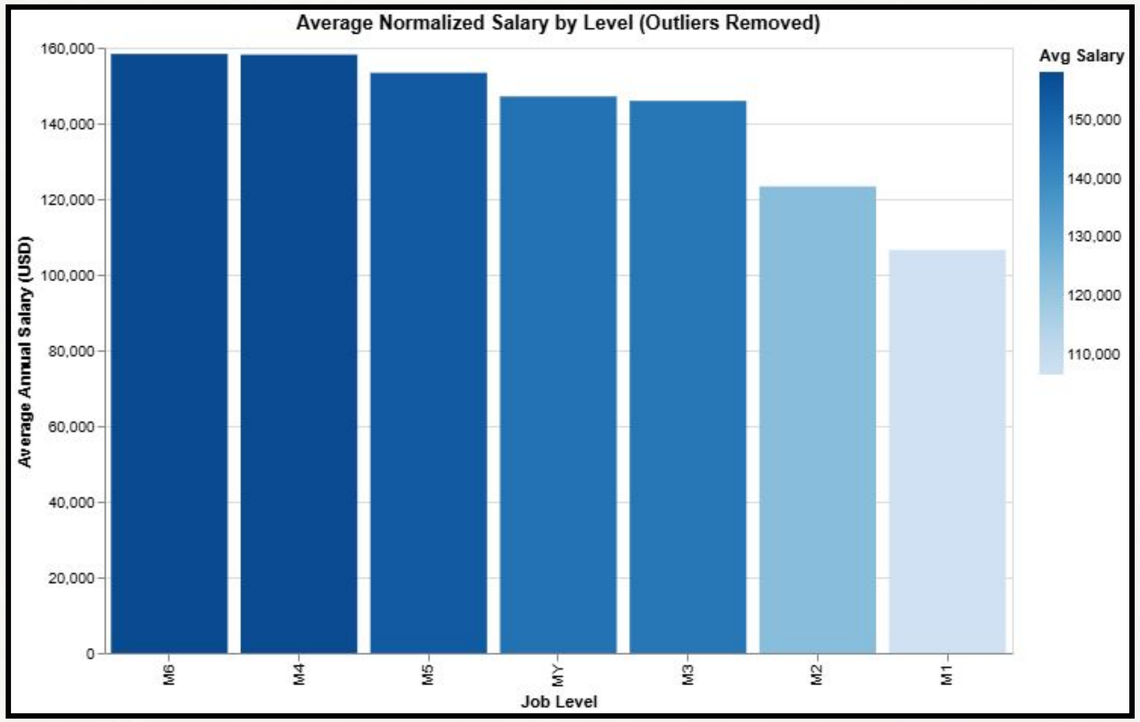


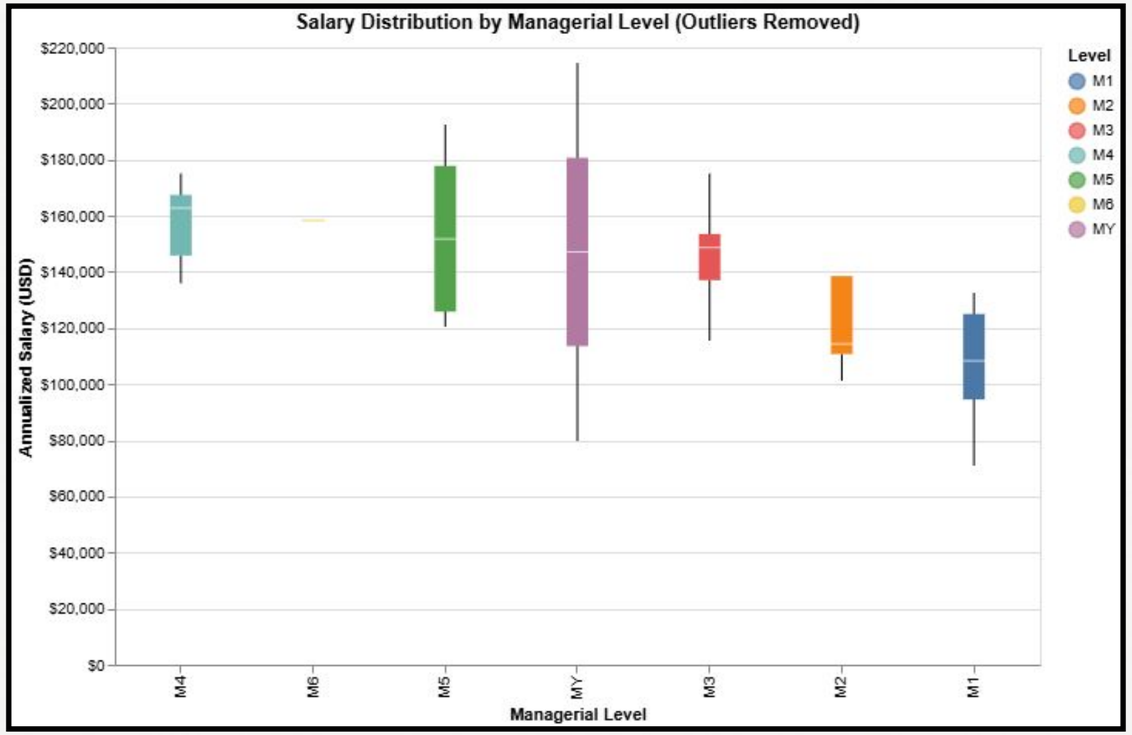
Job Level Hierarchy is mostly consistent with the average annual salary except for M4





Removal of the outlier largely reinforces the expected hierarchical pay structure across job levels



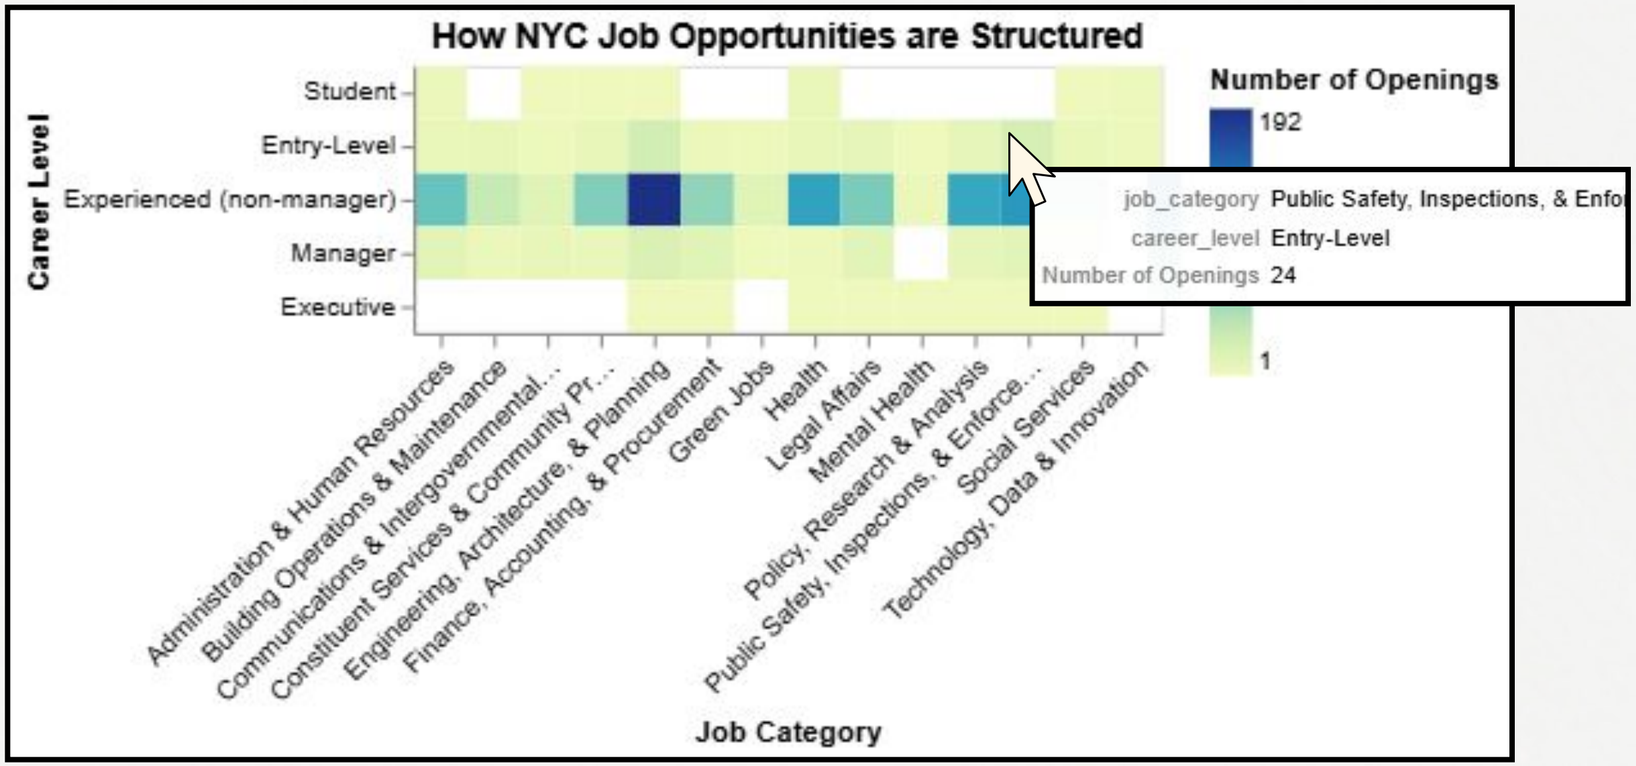


How Are Careers Pathways Structured?

MAPPING OPPORTUNITY WITHIN

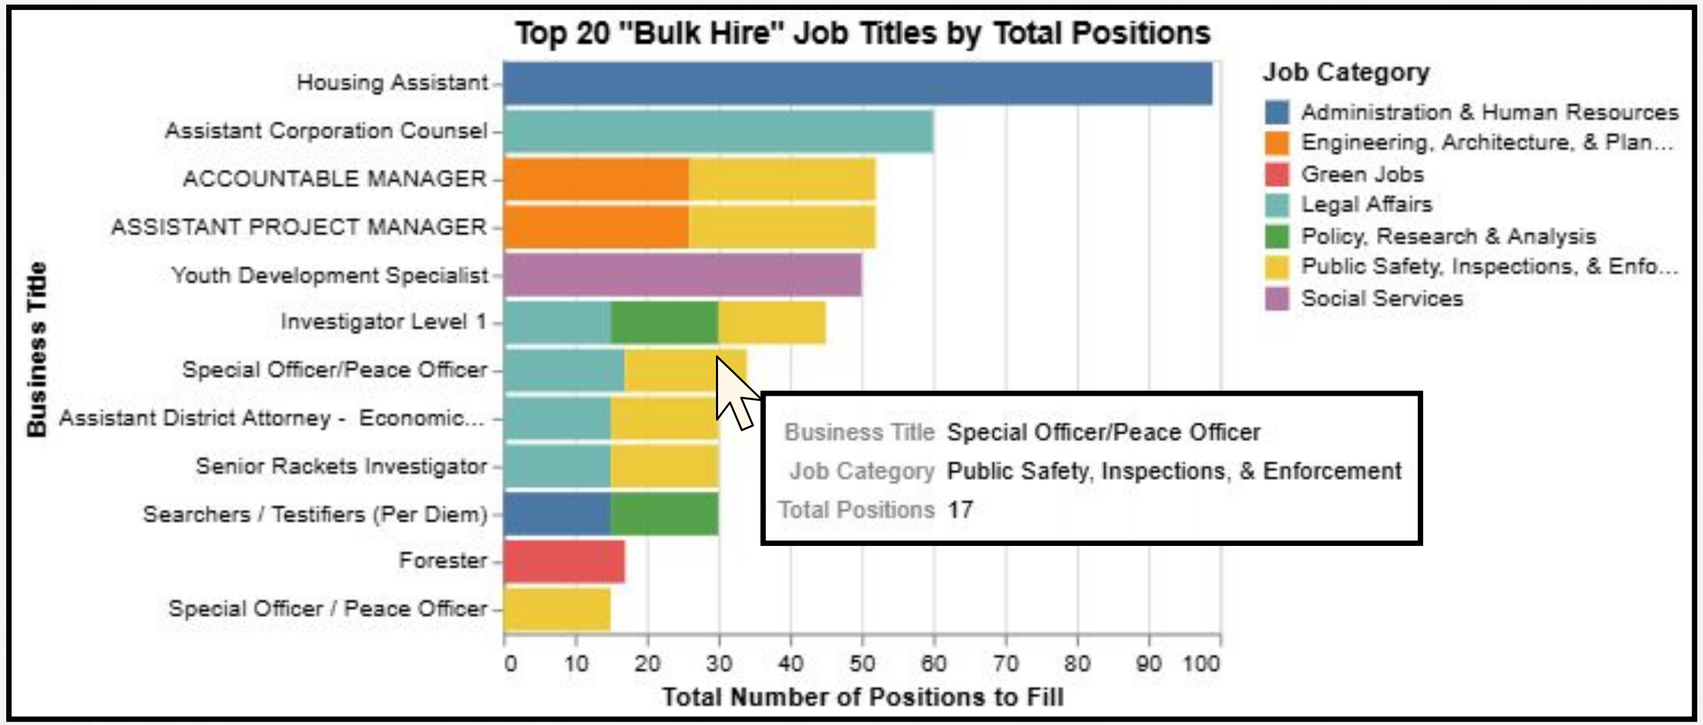
NYC GOV - WHAT ROLES ATTRACT

WHAT KIND OF TALENT?



‘ADMIN’, ‘TECH AND DATA’ ARE THE BIGGEST ON-RAMPS **FOR INTERNSHIPS**, WHILE **'PUBLIC SAFETY AND ENFORCEMENT'** HAS SPECIFIC NEEDS FOR **EXPERIENCED, NON-MANAGERIAL STAFF**, AS DO MOST OTHER DEPARTMENTS

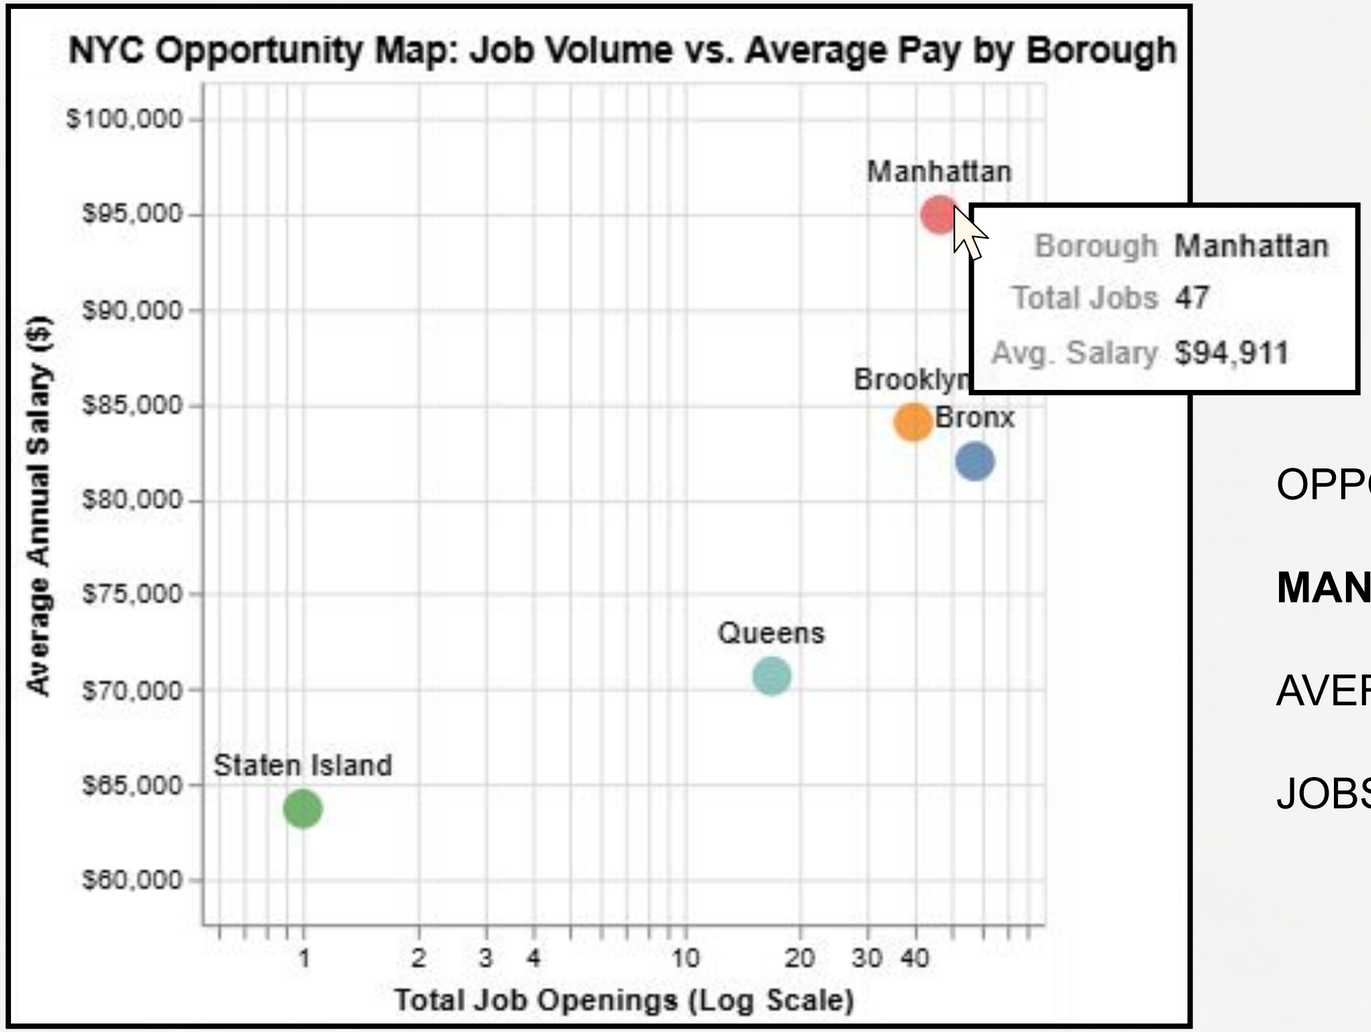
~~No. of Postings~~ No. of Vacancies



SOME ROLES ARE PLENTIFUL, SO WHILE YOU CAN APPLY DEEP, YOU CAN ALSO APPLY WIDE!

DON'T COUNT POSTINGS, **COUNT VACANCIES**. THE CITY'S BIGGEST NEEDS ARE FOR A FEW SPECIFIC BULK-HIRE ROLES LIKE '**SPECIAL OFFICERS**' AND '**ASSISTANTS**'.

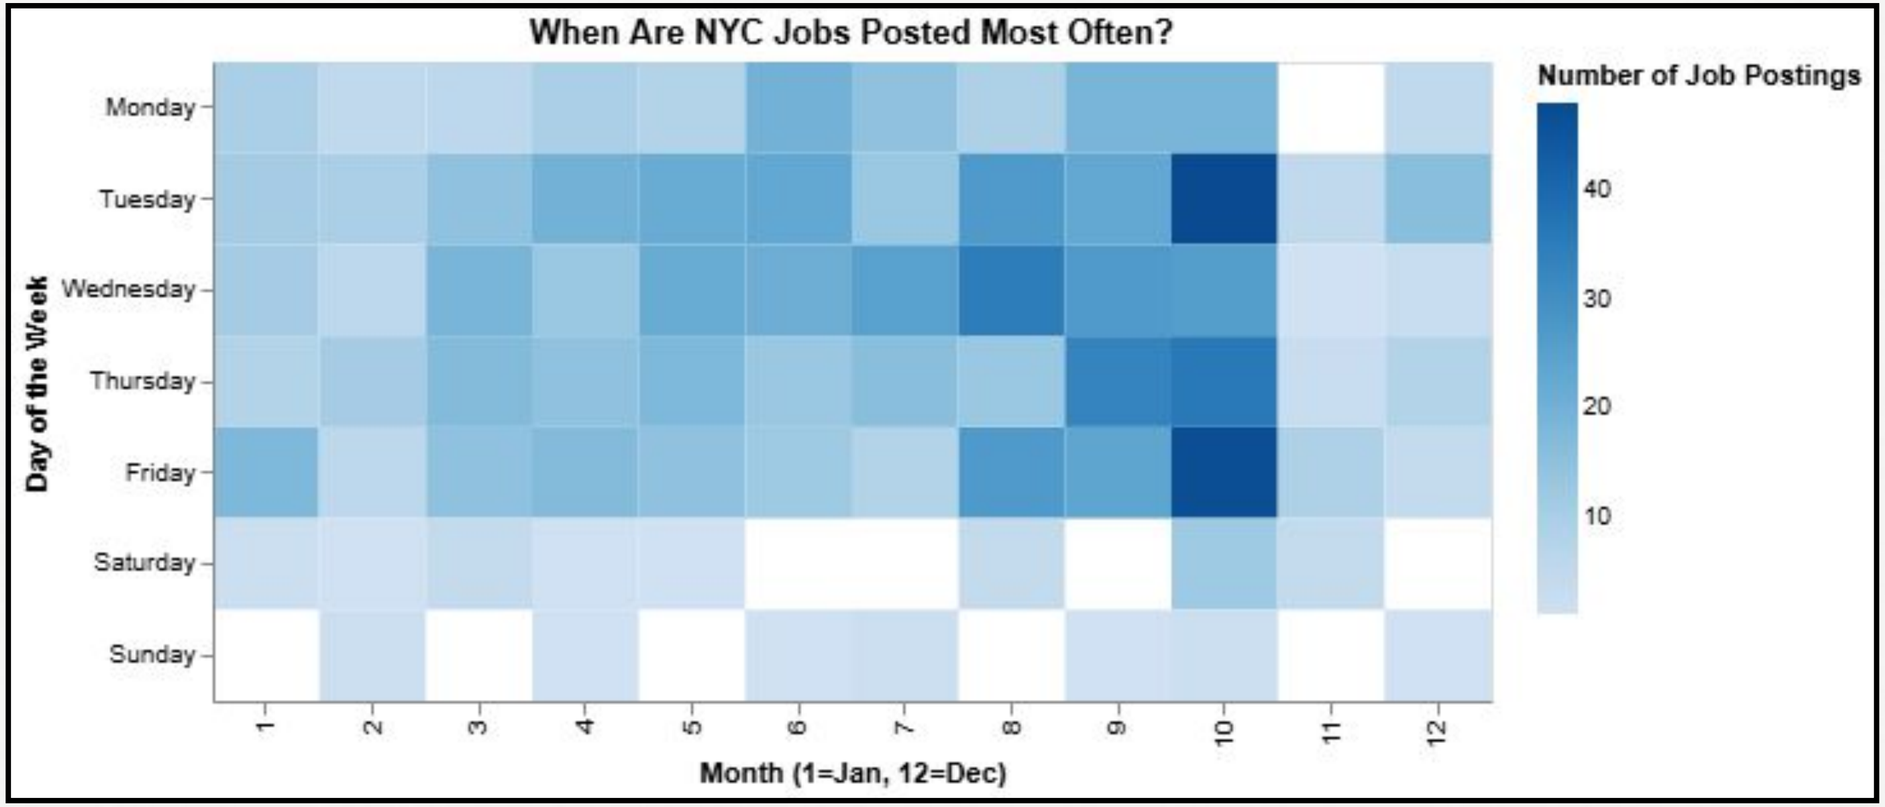
Where are the Jobs...? And the Money?

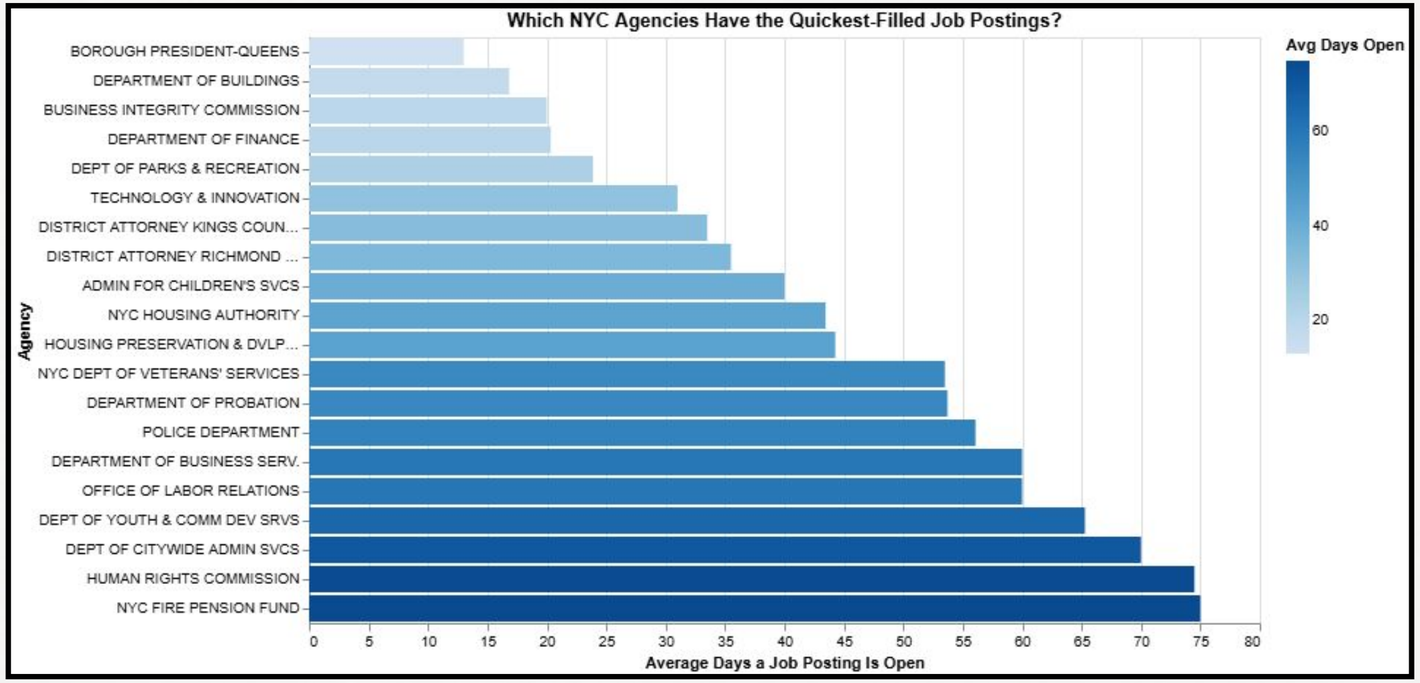


OPPORTUNITY IS NOT SPREAD EVENLY.

MANHATTAN IS THE CLEAR LEADER IN AVERAGE SALARY, BUT **BRONX** HAS MORE JOBS

Job postings peak in October and tend to be most common on Tuesdays and Fridays.





Which agencies are worth considering and which may warrant caution based on how long their job postings typically stay open

Key Takeaways for the Local Government Job Seeker:

1. TAILOR YOUR RESUME: USE THE "SKILLS HEATMAP" TO MATCH YOUR SKILLS TO THE RIGHT JOB CATEGORY.
2. BE STRATEGIC: APPLY TO "EXTERNAL-FRIENDLY" AGENCIES THAT MATCH YOUR CAREER GOALS (E.G., AN "ENTRY ENGINE" TO GET A START, A "NICHE EXPERT" FOR HIGH PAY).
3. BE AWARE OF AGENCIES THAT KEEP JOB OPENINGS ACTIVE FOR ONLY A SHORT TIME AND PRIORITIZE THOSE APPLICATIONS, WHILE APPROACHING LONG-STANDING POSTINGS WITH CAUTION.
4. USE THE HEATMAP TO IDENTIFY WHICH DAYS JOBS ARE MOST FREQUENTLY POSTED AND PLAN TO CHECK THE WEBSITE ON THOSE DAYS FOR NEW OPPORTUNITIES.
